

Gracián Baena González

Customer Success Systems & Data Strategist | CS × Data × IA

gracianbaenagonzalez@gmail.com · linkedin.com/in/gracianbaena · Murcia

Dear Hiring Manager,

I am a Customer Success Systems & Data Strategist. I build the bridge between customer friction, business decisions and systems teams can actually adopt.

At Bodytone (Mar 2025–Mar 2026) I led Customer Success and data analysis, connecting AI, rules and operations. At Minderest (Mar 2021–Mar 2024) I delivered CS in global pricing/Big Data SaaS. In between, a professional break (Mar 2024–Mar 2025) focused on AI, data and yoga.

In parallel I keep Track B — presence and enablement: Mood Fitness (Apr 2022–Jun 2026), Majorel wellness alongside Google/YouTube content QA (Jan 2020–Mar 2021), Bodycare and Shaolin. Earlier: retail leadership at Solaris (2017–2020) and El Corte Inglés (2015–2016).

Method: Listen → Decide → Build → Activate. Languages: Spanish native; English & Italian high C1; Portuguese & French basic; Catalan — understand, do not speak.

I would welcome a conversation on applying this approach with your team. Murcia · gracianbaenagonzalez@gmail.com · LinkedIn gracianbaena.

Kind regards,

Gracián Baena
